

THE IGNITION SPECIALIST™

IGNITION COILS + WIRE SETS

Bobine d'Allumage + Jeu de Fils / Bobina de Encendido + Juegos de Cables

CATALOG / CATALOGUE / CATÁLOGO

THE IGNITION SPECIALIST™

NGK's premium ignition products are manufactured to the highest durability and operational performance to meet OE standards. The Ignition Specialist™ full-line product offering includes: spark plugs, glow plugs, ignition coils, coil-on-plug boots, wire sets and resistor caps.

OUR FAMILY IS GROWING.

As the brand OEMs ask for by name, NGK Spark Plugs is The Ignition Specialist.™

Known for OE heritage and world leading quality ignition system technology, NGK now offers Ignition Coils.

IMPORTANT NOTICE:

Applications listed in this catalog do not apply to aircraft, racing or modified engines, except where explicitly noted.

AVISO IMPORTANTE:

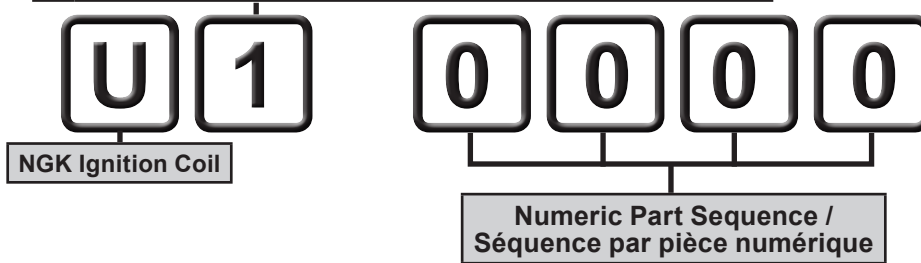

Las aplicaciones contenidas en este catálogo no aplican para aviones, motores de carreras o modificados, excepto cuando sea implícitamente indicado.

AVIS IMPORTANT:

Les applications incluses dans ce catalogue ne sont pas applicables aux aéronefs, les moteurs de course ou modifiés, sauf mention explicite.

IGNITION COILS

Category	
1	Distributor-based Ignition System
2	Distributorless Ignition System (DIS)
3	Distributorless Ignition System (DIS) with Waste Spark Design
4	Coil-On-Plug with Waste Spark Design
5	Coil-On-Plug or Pencil Coil
6	Rail Coil

INNOVATIVE PART NUMBER PREFIX IDENTIFIES PART BY OEM COIL DESIGN:

Distributor-based Ignition System

Distributorless Ignition System (DIS)

Distributorless Ignition System (DIS) with Waste Spark Design

Coil-On-Plug with Waste Spark Design

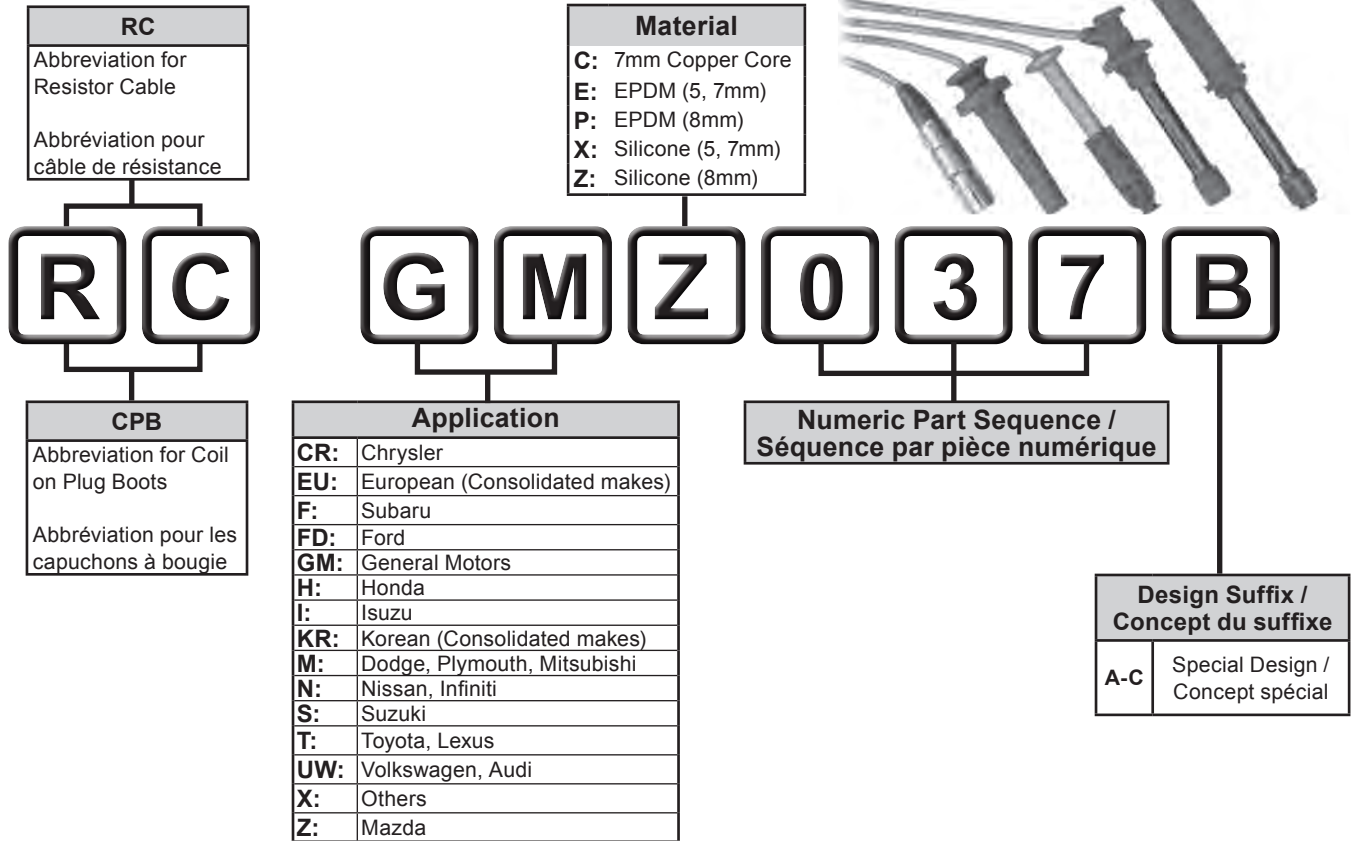

Coil-On-Plug or Pencil Coil

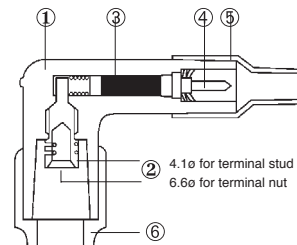

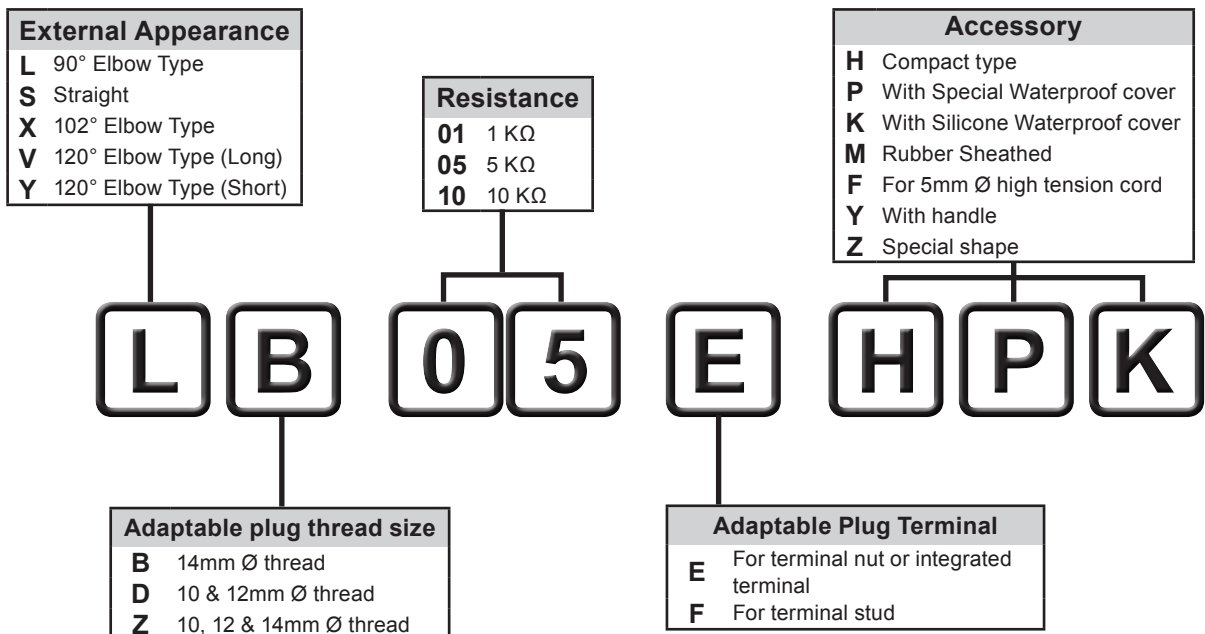

Rail Coil

WIRE SETS & COIL-ON-PLUG BOOTS

RESISTOR COVERS

1. Body
2. Connector
3. Resistor element
4. Fixing screw
5. Waterproof cover
6. Waterproof cover

Ignition Coil / Bobine D'Allumage / Bobina de Encendido

NOTE: Cross references are provided as a GUIDE ONLY. Due to differences in design / materials, products produced by various mfrs may have different specifications. Please refer to specific application guide for proper usage.

NOTA: El cruce de referencias servirá únicamente como guía. Las diferencias en diseño, materiales y los productos utilizados para su elaboración pueden variar dependiendo del fabricante. Para obtener la aplicación correcta de su vehículo, por favor referirse a la sección correspondiente dentro de esta guía.

NOTE: Cross references are provided as a GUIDE ONLY. Due to differences in design / materials, products produced by various mfrs may have different specifications. Please refer to specific application guide for proper usage.

NOTA: El cruce de referencias servirá únicamente como guía. Las diferencias en diseño, materiales y los productos utilizados para su elaboración pueden variar dependiendo del fabricante. Para obtener la aplicación correcta de su vehículo, por favor referirse a la sección correspondiente dentro de esta guía.

With an outer insulator of rugged high performance silicone, and an inner core of solid copper wire strands, these racing wires from NGK will help you get to the winner's circle. Connected with NGK resistor covers in either straight or 90° configurations, these wires will fit most applications for snowmobiles, watercraft, motorcycles and karts. The resistor cover comes equipped with a 5k ohm ceramic resistor for excellent defense against RFI (radio frequency interference) which can disrupt electronic ignition performance and lead to misfire.

J-1 CONNECTOR PUTS END TO HOOKUP HASSLES

NGK also knows what a hassle it can be to connect new wires to the stock CDI ignition coil. We're making that a whole lot easier with this in-line wire connector. Simply insert the lead from the ignition coil unit in one end, the new NGK wire end in the other, screw the two pieces together, and you've got yourself a watertight finished piece! Made of high-impact plastic, this handy unit will solve all wire connection problems.

90° Resistor Covers

Avec une gaine isolante en silicone de haute performance robuste et un conducteur en fils de cuivre massif, ces nouveaux câbles de compétition NGK vous aideront à vous rendre à la tribune des gagnants. Raccordés à des embouts antiparasite NGK droits ou coudés, ces câbles conviennent à la plupart des utilisations pour la plupart des utilisations pour motoneiges, bateaux, motocyclettes et voitures. L'embout est doté d'une résistance céramique de 5 ohm, lui assurant une excellente protection contre le brouillage radioélectrique pouvant nuire à la performance de l'allumage électronique et entraîner des ratés.

Raccord Simplifie Le Raccordement Des Câbles

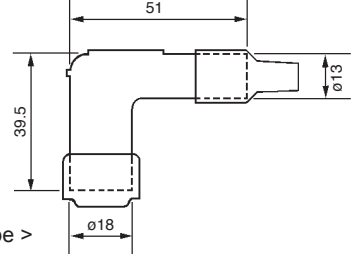

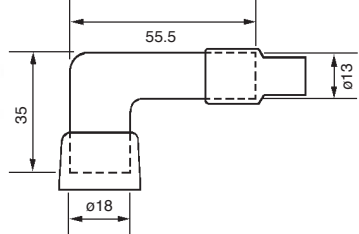

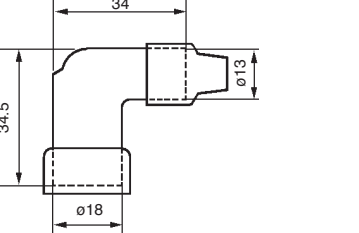

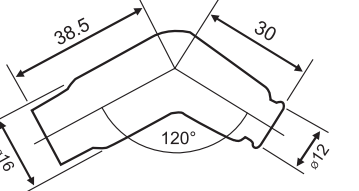

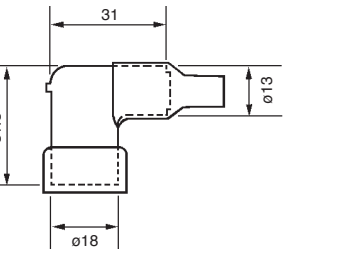

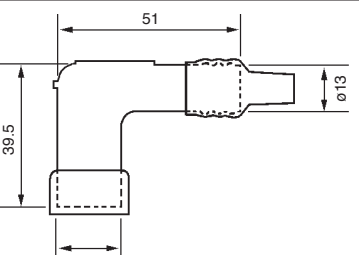

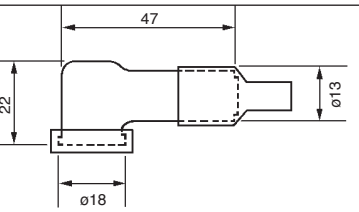

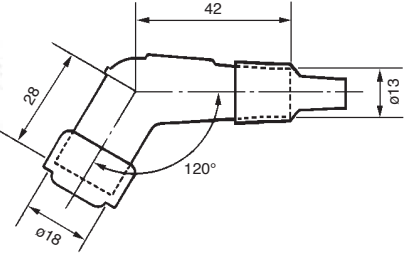

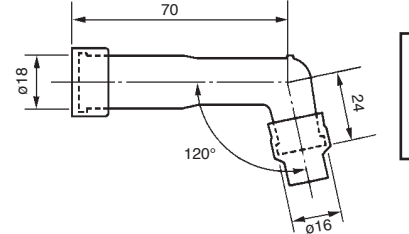

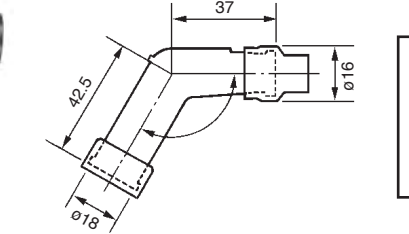

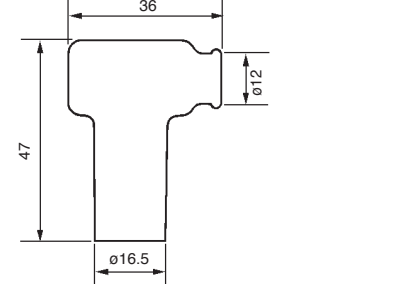

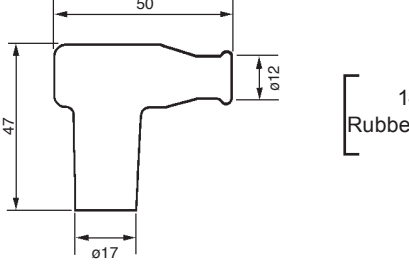

NGK sait aussi à quel point il peut être difficile de raccorder un nouveau câble à un allumage direct. C'est pourquoi ce nouveau raccord de câbles en ligne est simple à utiliser. Il suffit d'insérer le câble de l'allumage direct d'un côté, le nouveau câble de l'autre et de visser les deux pièces ensemble pour obtenir une connexion étanche. Fabriqué en plastique anti-choc, cet adaptateur pratique vous permettra de résoudre tous vos problèmes de raccordement de câbles.

**SUPERIOR
PERFORMANCE
RUNS IN THE
FAMILY.**

It's in our DNA.

When it comes to automotive products, NGK Spark Plugs and NTK Oxygen Sensors lead the industry with world-class expertise and innovation. As OE manufacturers of spark plugs and oxygen sensors, our premium products are engineered to the exacting specs of every vehicle for the best results on the road.
